## Explanation

### READ THROUGH THE INSTRUCTIONS BEFORE ASSEMBLING YOUR MINIATURES.

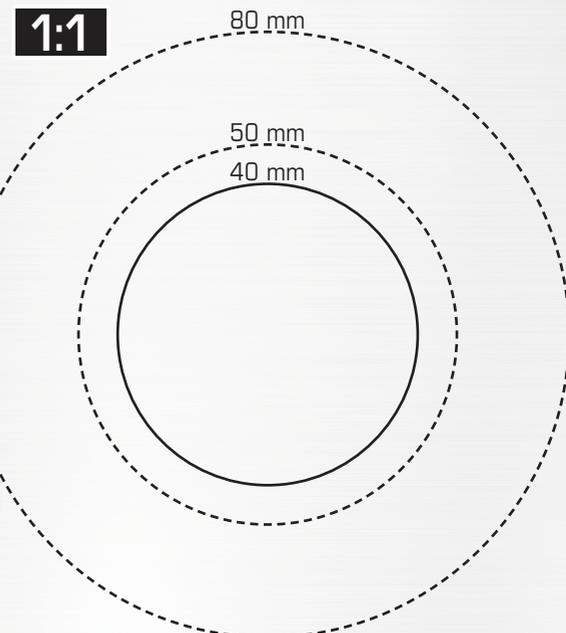

This kit of miniatures requires plastic cutters and plastic glue for assembly. We also suggest using a scraping tool to remove mouldlines, such as a modelling scalpel. This product is not a toy and we do not recommend it for children under the age of 14 without parental supervision.

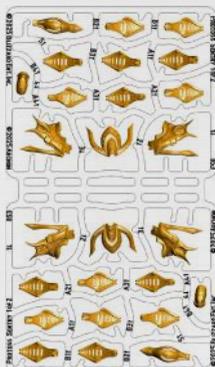

## Bases

Bases are used to represent the area that a model inhabits on the table, and also keeps the model stable once you glue the bottom of the model to the base. There are a variety of different base sizes, and the one you will use will depend on each individual model, listed in the assembly instructions.
