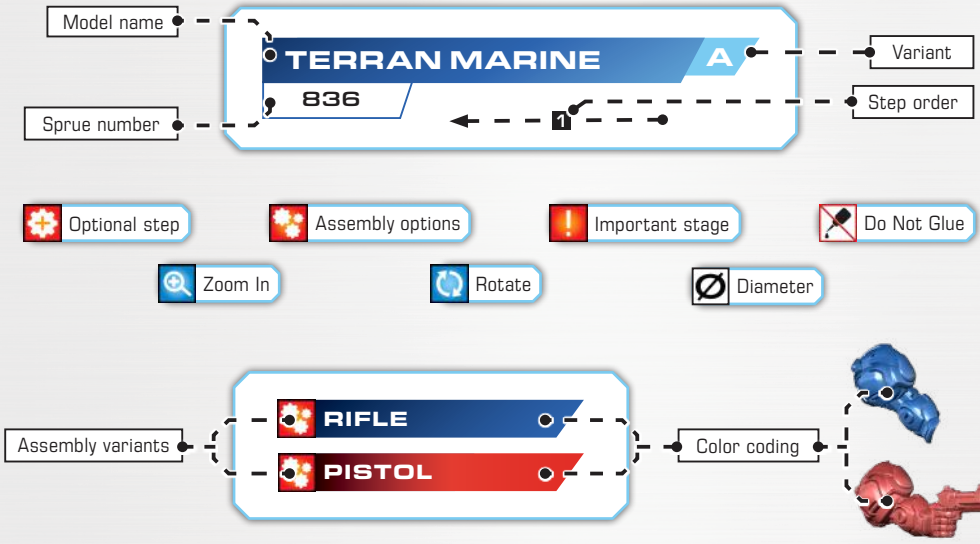
TABLETOP MINIATURES GAME

TERRAN STARTER SET

Explanation

READ THROUGH THE INSTRUCTIONS BEFORE ASSEMBLING YOUR MINIATURES.
This kit of miniatures requires plastic cutters and plastic glue for assembly. We also suggest using a scraping tool to remove mouldlines, such as a modelling scalpel. This product is not a toy and we do not recommend it for children under the age of 14 without parental supervision.



Bases

Bases are used to represent the area that a model inhabits on the table, and also keeps the model stable once you glue the bottom of the model to the base. There are a variety of different base sizes, and the one you will use will depend on each individual model, listed in the assembly instructions.
